

Upper Body Strengthenener

Level 2/3

Breathing Theme: Hold the poses for a long time, breathing out strongly.

? 1st Repetition: is a warm up. 2nd repetition is to your comfortable limit.

? The 3rd repetition is where you get the strength building.

- o Hold the 3rd repetition at your extreme limit (short of pain!).
- o Each time you breathe out, see if your body will go any higher.
- o Each time you breathe in, see what parts of your body will relax more.

Meditation

Feel your shoulders letting go as you breathe out.
